## READY FOR FLIGHT.

SULTAN AFRAID.

## Christians Slain by Fanatics.

## Armenians and Missionaries Massacred at Adana, Asiatic Turkey.

## City in the Hands of Rioters Since Wednesday and Is Burned.

## Panic Reigns in Government Circles; Chief Officers Mutinous.

BY DIRECT WIRE TO THE TIMES:

CONSTANTINOPLE, April 16.—[Exclusive Dispatch.] Panic reigns in government circles and the Sultan is reported to be in readiness for flight.

The chief officers are mutinous, the Constantinople гардии are in arms, preparations to resist the troops said to be advancing upon the city from the northwest, and the ministers are resigning as fast as possible.

It is doubtful if the soldiers here can cope with the forces which, it is rumored, are rallying to the standard of the Young Turks.

A massacre of Armenians has taken place at Adana, Asiatic Turkey, and according to the latest telegrams from Mersina it is still in progress.

Soldiers, powers to control the situation, are joining in the pillage of the town. The fatalities are said to be numerous.

ADANA IS BURNED.

The riots began last Wednesday. The town of Adana has been burned and many Christians have been killed.

The Moslems, having occupied the town, are said to have begun operations against the Christians in the village. The foreign consul at Mersina have recommended their departure to safety.

No definite information is obtainable as to the number of persons who lost their lives, although one report says fifty Armenians were massacred. Two American missionaries are said to be among the dead, but no names are given and the report as to these is not confirmed.

The British Vice-Consul at Mersina, Maj. Daughtry-Wylie, is said to have been wounded.

VICE-CONSUL SENT.

It is known the regular district meeting of the American missionaries was due to be in session at Adana, and Mr. and Mrs. William Chambers, the Misses Elizabeth and Mary G. Webb, Miss Wallis and Miss Borelli, missionaries, were known to have been there.

Ambassador Leishman has instructed Vice-Consul John Debbas, at Mersina, to go to Adana.

Adana is a station of the American Board of Commissioners for Foreign Missions with a working force of five missionaries and thirty-two native workers, an out-station of the Synod of the Reformed Presbyterian Church of North America, and a Bible depot and agency of the American Bible Society.

MOTHER SUSPECTED.

WATCHING TRAINS  
FOR KIDNAPED BOY.

BY DIRECT WIRE TO THE TIMES.

C HICAGO, April 16.—[Exclusive Dispatch.] All incoming trains into Chicago are being watched for Mrs. James Sheppard Cabanne, or Mrs. Broughton Brandenburg, who is said to have bought a ticket for Chicago, Illinois, accompanied by a little boy resembling her son, James Sheppard Cabanne, III, who was kidnapped from the home of his grandmother, Mrs. Julia Cabanne, in St. Louis, yesterday. Mrs. Brandenburg, or Cabanne, recently had controversy with a woman named Mrs. Valine Brundage, who claimed she was also the wife of the missing author. This was after Brandenburg fled. Mrs. Brandenburg explained her husband's action by saying that he had no money. The boy's father is a school man of the older set, and a member of the aristocratic French families of St. Louis. He has not lived with his wife for several years, and filed suit for divorce from her some time ago. While the suit was pending the boy has been living with his grandmother.

Cabanne's wife claims she got a di-

vorce in British Honduras, and had

married Broughton Brandenburg, the

author, who figured recently in public

notice when he jumped his bond and

escaped. In connection with an

article purporting to be by former

President Grover Cleveland,

she got a judgment for \$10,000.

RESCUED FROM TENEMENT.

BY DIRECT WIRE TO THE TIMES.

NEW YORK, April 16.—More than a dozen spectators gathered outside a six-story tenement at 206 1/2 East One Hundred and Sixth street. So far as is known, all tenements owned by the landlord, Dr. J. L. Lewis, were occupied. During the work on the building, Dr. Lewis had been compelled to sell the street and was severely injured. The fire started in a laundry on the ground floor. A number of horses in the cellar were cremated.

**BUSCH GOES IF MISSOURI'S DRY.***Brewer Would Regret Moving Business from State.**Predicts Widespread Harm as Prohibition's Result.**Issues Signed Statement on Submission Question.**(BY DIRECT WIRE TO THE TIMES)*  
ST. LOUIS, April 16.—[Exclusive Dispatch.] Adolphus Busch, the St. Louis brewer, in the afternoon, made the following signed statement on the question of submission of prohibition to a vote of the people of Missouri:

"We have so much confidence in the good sense and liberality of the people of Missouri that we are not planning to move from St. Louis and the State. We do not want to move from the city where our world-wide business has been built up. I personally would deeply regret leaving St. Louis, which apart from considerations of business, because I love the city; but, of course, if we are forced to go, we would not only move ourselves across the river, but to every point in the country possible."

"Our industry is a perfectly legitimate one. It is one of the greatest revenue payers to the national, State and city governments and one of the best employers of labor. Therefore, why should it not be sustained and sustained? We sell in every country on the globe and must protect our great business."

[BY DIRECT WIRE TO THE TIMES]  
NEW YORK, April 16.—[Exclusive Dispatch.] August Busch, of the Anheuser-Busch Brewery Association, president, has appealed to all the financial and commercial institutions of the city, calling their attention to the fact that the Senate has voted what should be the prohibition amendment submitted and chance to carry.

The Real Estate Exchange Thursday adopted a strong protest against the measure. The Executive Council of the Manufacturing Association also adopted a formal protest against the measure, but the Business Men's League, the St. Louis Stock Exchange and the St. Louis Merchants' Exchange, remained to place themselves officially on record in favor of the measure, although many of the members of each signed protests as individuals.

The Senate's Senate has been counted on to pass the prohibition submission resolution already passed by the House.

**BANKERS FEAR TEMPERANCE.**  
St. Louis Business Men Protect Against Action of House on Prohibition Bill.

*(BY DIRECT WIRE TO THE TIMES)*  
ST. LOUIS (Mo.), April 16.—[Exclusive Dispatch.] Thirty bankers and many business men of St. Louis will go to Jefferson City next week to offer a strenuous protest to the Missouri Senate against concurrence in the resolution, adopted by the House, providing for the submission to the voters of the State of a constitutional amendment for State wide prohibition.

Strong resolutions against what business men denounce as political frenzy were adopted today, when an organized fight was inaugurated. Representatives of the three large banks of the city and the Missouri Manufacturers' Association adopted resolutions, similar to those of the St. Louis real estate exchange, in opposition to the restriction of the manufacture and sale of liquor throughout the State.

Members of the executive committee of the Business Men's League, declared antagonism to the sumptuary movement. Resolutions against the resolutions, pending in the State Senate, were adopted unanimously and every banker in attendance gave his assurance that he will start for Jefferson City at the time specified.

A communication was addressed to the officers of the Missouri Senate, requesting an opportunity to appear before the Senate and interested committees. They expect to go to Jefferson City Monday or Tuesday.

**SAME THE WORLD OVER.**  
**GRAFT STRIKES HIGH IN TOKIO.**

NINE MEMBERS OF JAPANESE HOUSE ARRESTED.

**Scandal in Sugar Company Involves Public Officials in Charges of Bribery and There Is Contention in Political and Commercial Circles at the Capital.**

*(ASSOCIATED PRESS DAY REPORT)*

TOKIO, April 16.—A tremendous sensation developed here today with the arrest of nine members of the lower house, the diet, the nation's chief legislative body, being held. It is believed, however, that bribery in connection with the recent difficulties of the Japanese Sugar Company is alleged, and there is great unrest in the capital, as it is said that some members of the upper house are liable to arrest also.

A few weeks ago charges of fraud were brought against certain of the directors of the sugar company, which is a big concern, capitalized at \$12,000,000. The directors resigned and an investigation of the affairs of the company followed.

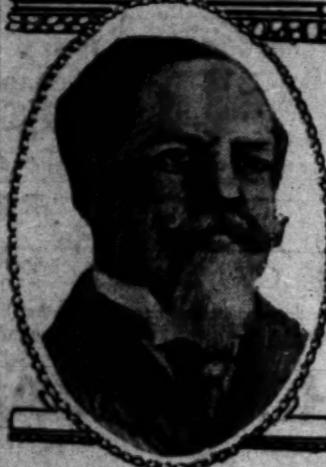

The affairs were an outcry from the press and public which led to the prosecution of a number of the directors involved. These men were all high in commercial and political circles.

When the nine members of the lower house were taken into custody today the charges against them were not made public, but owing to the connection of the defendants with the upper house, the sugar company, it is generally supposed the investigation of the sugar company resulted in the exposure of bribery in the diet.

The arrests have all been to the Seisan-Kai, the predominant party in both houses of the diet.

The arrests are to follow have caused consternation in Tokio political and commercial circles.

## FEMININE FOIBLES.

**DISTURBED! NO, NOT LEAST BIT.**

## THAT'S WHAT MRS. STORY THINKS OF SLIGHT.

Candidate for Presidency of Daughters of the American Revolution Doesn't Care Whether Mrs. McLean Attends Reception or Not—in Fact Doesn't Know Her.

*(BY DIRECT WIRE TO THE TIMES)*

NEW YORK, April 16.—[Exclusive Dispatch.] Mrs. William Cummings Story is not the least bit disturbed because Mrs. Donald McLean, president-general of the Daughters of the American Revolution, will not attend the reception which Mrs. James S. Sherman, wife of the Vice-President, is going to give in Washington tomorrow in her (Mrs. Story's) honor.

In fact, Mrs. Story doesn't care whether Mrs. McLean is present or not. She doesn't even know her she said today as she was leaving for Washington, to begin her campaign for election as president-general of the Daughters, in opposition to Mrs. Matthew T. Scott of Indianapolis, who is being backed by Mrs. McLean's local administration.

"Worried?" Why no," said Mrs. Story, when she was asked about the punishment that Mrs. McLean is going to inflict upon her by not attending the reception.

"I am not greatly concerned over it. I shall survive even if Mrs. McLean does not attend, as really I have seen very little of Mrs. McLean in our work in New York, and can't say that I know her."

"My chances of election are excellent," Mrs. Story continued. "I believe I shall win. If I am elected president-general, I will give the Daughters a fair and non-partisan administration. There will be no favorites. Every one will have a fair chance."

## BABY BURNS IN HOUSE.

STOCKTON, April 16.—The seven-month-old child of Joseph Francois, foreman on the Schuler, Brueck-Haught ranch near Escalon, in the southeastern part of the county, was burned to death this morning.

The mother had been there in the kitchen, while feeding the chickens, and soon noticed that the house was on fire. She rescued two of the children, and managed to get the baby out, but it died late today.

## UP AND DOWN THE VALLEY.

Ascends the carbon kills the germs of every kind of disease and purifies the air, and it is this that the new class of reformers would do away with."

## SEEK PARDON FOR MISS GRAY.

*(ASSOCIATED PRESS DAY REPORT)*

CHICAGO, April 16.—A move to secure the pardon of Marian Gray, the young woman sentenced to one year in the Bridewell by Judge Landis on the charge of misusing the mails to conduct a matrimonial bureau, has been started. A letter which, it is said, will be followed by a lengthy petition, has been written to President Taft by the woman's family physician, asking that a pardon be granted on the ground that she is physically unable to stand a year at hard labor in the House of Correction.

## OLDEST PROHIBITIONIST.

*(ASSOCIATED PRESS DAY REPORT)*

CHICAGO, April 16.—The eponym of the far-famed Clark street is in town. He is William O. Clark of Drytown, Amador county, Cal., the oldest prohibitionist on earth, being 90 years old.

He has not had a drink or intoxicating liquor for seventeen and a half years, and after a trip up and down his former favorite thoroughfare, remarked that "now it seems to be pretty well irrigated." Mr. Clark is visiting his only son, H. O. Clark. He says this is the first time he has seen Chicago since they used to call it Skunk Village.

His father, he declares, owned the territory on both sides of what is now downtown Clark street, but sold it long before the big jump in land values came. At Prohibition headquarters he said: "I signed the pledge seventy-five years ago, and I haven't let a drop pass my lips from that time, though I hadn't been drinking before that, until you I just signed up because that was the way my father had been doing for six or eight generations. It's my experience that in order to get a real good prohibition you've got to start 200 years back. Get the right kind of ancestors, and posterity will take care of itself."

## DEFENDS COAL SMOKE.

*(ASSOCIATED PRESS DAY REPORT)*

CHICAGO, April 16.—Smoke is a blessing to the world and a boon to health, according to a statement by W. P. Rend, coal magnate, in reply to an address by Secretary R. E. Fritchard of the Board of Health, declaring it a nuisance. "This talk about smoke being a curse is all nonsense," said Mr. Rend. "The Creator, who made coal, knew there would be smoke, and knew that smoke could be a good thing for the world. Take the coal operator, who is at all times breathing not only smoke, but coal tar in addition. His lungs are black with both, and yet he is one of the healthiest men in all the world. In all my experience among coal operators, I know of only one who died of tuberculosis. The carbon in smoke is good to health. As the smoke

**INDICTMENTS HIT CUDAHY.****Packer Accused of Defrauding Government.****Liable to Fines of Over Half Million.****Failed to Pay Tax on Colored Oleomargarine.***(ASSOCIATED PRESS NIGHT REPORT)*

TOPEKA (Kan.), April 16.—Charged with defrauding the government by violations of the internal revenue laws, an indictment was formally returned against the Cudahy Packing Company of Kansas City, Kan., in the United States District Court here today. The company is indicted on 465 counts. The officers of the company will be summoned to appear in court and defend the charges outlined in the indictment.

The grand jury was dismissed following the return of the indictment. The charge is that the company has defrauded the government out of over \$100,000 in revenues on oleomargarine.

The maximum fine on each count is \$100, making a total for which the company is liable in the event of conviction, of \$600,000.

The revenue law provides that each pound of uncolored oleomargarine must bear a revenue stamp of a quarter of a cent, but that each pound to which coloring matter has been added to give it the appearance of butter, a 10-cent revenue stamp must be attached.

It is charged in the indictments that the Cudahy company has sold the colored product under the quarter-cent tax and consequently has defrauded the government out of large amounts of money.

Inspectors have been working upon the case several months and have secured samples sold in towns and cities from New York to Seattle and from Duluth to Jacksonville. These inspectors have found that the oil contained coloring matter, and this evidence was turned over to Dist. Atty. Tom of Topeka, who submitted the facts to the grand jury.

Every sample now in the hands of the government shows that the oil purchased it as well as the analysis which shows that it contains coloring matter.

It is charged by the government officials that the Cudahy company has succeeded in monopolizing the oleomargarine market by selling the colored product and paying the tax on the sale of uncolored, thereby saving the difference of 95 cents.

This means, it is claimed, that they were able to undercut other manufacturers and control the market.

While this criminal action will be tried in the city, the defense does not end the matter. He will bring a civil action against the company to have the plant and machinery removed from the government's possession.

This proceeding will also be commenced in the Federal Court.

The oleomargarine manufacturing plant is connected with the Cudahy packing establishment in Kansas City, Kan.

Famine prevails in Macedonia and Old Servia. Over a thousand are suffocating, the correspondent says.

Food prices are high and many persons already have died of starvation.

AMERICANS ARE GROWING RESTLESS.

*(ASSOCIATED PRESS NIGHT REPORT)*

BERLIN, April 16.—A locomotive published a dispatch from Uncle Sam in the vicinity of Monsarrat, and not far from Salonic, in command of the troops sent there to restore order, and at one of the Turkish military stations in the Albanian mountains, military mutineers seized their barracks and drove their officers away.

Theodore, from Constantinople, the correspondent of the Times says:

"I learn from a high authority that the officers of the Third Army Corps have telegraphed from Salonic threatening to attack the capital unless Hilma Pasha, former Grand Vizier, and others of the same rank, former members of the Turkish Parliament, are restored to their offices."

Two days ago, the government of the Ulemas, who are in command of the religious and charitable institutions comprising the Liberal Union, Albanians and Armenians have made little progress owing to the uncompromising attitude of the Ulemas. The avowed reactionaries appear to have retired from the struggle.

There is little doubt that the Sultan was aware of the intended attack on the Committee of Union and Progress.

Rumors are current that the poor relations between the Mohammedan majority and the combination comprising the Liberal Union, Albanians and Armenians have made little progress owing to the uncompromising attitude of the Ulemas. The avowed reactionaries appear to have retired from the struggle.

Mr. Chambers is 70 years old, and has been in Turkey since 1878.

Mrs. Elizabeth S. Webb, sister, and Miss Mary G. Webb, whose home is in Missouri, also are at Adams.

A dispatch from Salonic says the

E. A. Cudahy.

Young Turks ordered the Third Army Corps at Adrianople to march against Constantinople, but the officers answered that it was impossible to obey such an order, and the order became doubtful. The dispatch says the Young Turks committee in Asia Minor has reported to the Salonic committee that it prevented the embarkation of troops ordered to Constantinople by the authorities at Yildiz Kiosk.

Die Zeit's Uskulu correspondent reports the Albanians have risen and driven out the Turks from Otridja and Petch. Otridja is a town of 12,000 inhabitants, 100 miles north of Janina, and Petch, or Ipek, lies to the northeast of Soutari, and has a population of 10,000, mainly composed of Mohammedans.

FRANCE SENDS TWO CRUISERS.

*(ASSOCIATED PRESS NIGHT REPORT)*

PARIS, April 16.—As a precautionary measure to assure the safety of French citizens and interests in Turkey, the government ordered two cruisers to sail from Toulon for Piraeus.

WASHINGTON.

**NOBODY WANTS HIGH HONORS.***resident's Offers Refused on Every Hand.**Embassies Go About Begging Men.**Cost of Living at Foreign Courts the Cause.*

**BY DIRECT WIRE TO THE TIMES.**  
WASHINGTON, April 16.—[Exclusive Dispatch.] Over the last few months which the President has been contented is the complex one of finding suitable men willing to enter the high foreign service of the government. It is known that Dr. Elliot's declination of the post at the Court of St. James was a deep disappointment to Mr. Taft. The reasons that led to the Harvard educator's decision naturally will have weight with others whom the resident may have in mind for the place. Dr. Elliot's income is not large enough to permit him to take a position which would cost a large sum to maintain as it has been maintained by former Ambassadors to Great Britain.

Not often has a President of the United States been in his hand, so reluctant to accept his largess. Dr. Elliot has declined to go to England; Judge Meyer Sulzberger of the court of Common Pleas at Philadelphia, has said he cannot go to Japan or Australia. Senator MacMonnies found no attraction in the offer of the mission to Peking; ex-Representative Morell of Pennsylvania has decided that he cannot go to St. Louis; and the representative of Indiana has turned away from the offer of the mission to Cuba.

Today President Taft received a message from former Senator Fulton of New York, who regretted that his personal affairs would prevent his acceptance of the mission to China.

**OREGONIAN FOR AMBASSADOR.**  
*Editor to Be Sent to Mexico to Succeed David E. Thompson.*

**BY DIRECT WIRE TO THE TIMES.**  
WASHINGTON, April 16.—[Exclusive Dispatch.] Harvey W. Scott of Portland, Or., is to be American Ambassador to Mexico to succeed David E. Thompson of Nebraska, who will leave on diplomatic service. The change will take place for several months. It will be announced coincidentally with the arrival of other persons for high diplomatic positions.

Scott is 71 years old and editor of the Portland Oregonian. He was born in Howell county, Ill., went with his parents to Oregon when 12 years old and worked on a farm and in the mines until he was 18. He has made good from his earnings and obtained a classical education and went to Portland, where he has been writing for newspapers. He has been editor of the Oregonian forty-four years and part owner for a less period.

**ARMY APPOINTMENTS.**  
*DICKINSON'S SLATE.*

**ASSOCIATED PRESS NIGHT REPORT.**  
WASHINGTON, April 16.—Secretary Johnson today announced the following army appointments:

Col. J. A. Augur, Tenth Cavalry, to brigadier-general on the retirement of Brig.-Gen. J. K. Kerr, commanding cavalry school at Fort Leavenworth, May 20.

Gen. William H. Carter, commanding Department of Tucson, to major-general, on the retirement of Gen. John F. Weston, commanding Department of California, November 12.

Col. J. G. D. Knight, Corps of Engineers, to be brigadier-general, vice colonel promoted.

Col. Marion P. Maus, Twentieth Infantry, to be brigadier-general on the retirement of Gen. Knight in January, 1910.

**TARIFF STRIKE ON.**  
*FILIPINO FIRMS.*

**ASSOCIATED PRESS DAY REPORT.**  
MANILA, April 16.—The members of the Progressive wing of the minority in the Philippine Legislature, who withdrew from the Assembly on April 10 to protest against what they claimed as arbitrary action in the matter of the Payne tariff bill, are still out on a strike.

Although the majority has a quorum, has not taken any further action, and the Speaker is conferring with them to return to the sessions.

Meanwhile, the question of adopting the report of the Conference Committee on the tariff arose. The minority had presented a report favoring the adoption of certain features of the unusual committee's resolution, which urged the adoption of the tariff measure by Congress, but the majority refused to receive the report. Thereupon the Progressives struck.

**WASHINGTON BRIEFS.**

**Women on Hatch-Hatchy.**  
WASHINGTON, April 16.—[Exclusive Dispatch.] Congressman Neumann, leader of the Women's Hatch-Hatchy Valley Federation of Women's Clubs, a protest against granting San Francisco permission to use the Hatch-Hatchy Park for a reservoir site, on the ground that the water of the Tuolumne is needed for the greatest development of San Joaquin Valley.

**President Back at Work.**  
WASHINGTON, April 16.—President Taft and his military aide, Capt. Butt, returned to Washington this morning. Mrs. Taft remained in New York for a brief visit.

**Democrats Give Way.**  
WASHINGTON, April 16.—The Democratic Senators will not delay the passage of the tariff bill. At their second conference today the majority favored permitting the Republicans to take entire charge of the matter and assume the responsibility.

**UNIONITE GETS FOUR YEARS.**  
NEW ORLEANS, April 16.—Samuel Stevenson, convicted of having embezzled funds of the New Orleans Typographical Union, was sentenced today to four years in the penitentiary. It was reported that he was granted a furlough while the time Stevenson was secretary, is now awaiting trial on the charge of misappropriation of a large amount of the union's money. He was serving a probation for giving the union at its last election, being defeated by President Lynch.

Frederick MacMonnies,

noted American whose separation from his wife caused a sensation, and who now, according to report, may marry a California girl, his pupil.

GIRL OF GOLDEN WEST.

**MACMONNIES MAY WED CALIFORNIA PUPIL.****[BY DIRECT WIRE TO THE TIMES.]**

**PARIS.** April 16.—[Exclusive Dispatch.] Frederick MacMonnies, the American sculptor, whose divorce from his wife has just become known, is to marry a wealthy pupil, Miss Jones, of California, according to the latest rumor which has set all Paris gossiping. Miss Jones was staying at Giverny, where MacMonnies resides, for some time, and there were very attractive to each other.

Although the cause for the action for divorce brought by Mrs. MacMonnies, which was tried at Andrey, near Giverny, charges technical desertion, the real reason is said to be the alleged extravagance of Mrs. MacMonnies and her refusal to give up her art. This devotion to her art, according to friends of the sculptor, caused Mrs. MacMonnies to be an indifferent housewife, and interfered with her wifely duties. The technical ground of desertion was sufficient in the eyes of the French court to warrant a separation, which was impossible to both parties.

The cause certainly could not have been incompatibility, as both MacMonnies and his wife are easy going and good natured.

They kept up appearances to the last, and now their acquaintances had any idea that they were separated and were even thinking of such a thing.

ANNOUNCED.

**CASTRO'S WIFE ANGRY WHEN KEPT ON SHIP.****[ASSOCIATED PRESS NIGHT REPORT.]**

**CARACAS.** Monday, April 12 (via Port of Spain, Trinidad, near Venezuela).—Mrs. Castro, wife of the former President, is reported as having shown much annoyance when the Venezuelan authorities refused to let her disembark at Guayaquil today. The deck of the steamer she cried out to the government officials on the dock:

**PREACHER MAKES FORTUNE.**

In Four Years Chicago Pastor Has Amassed Over \$600,000 in Land Deeds.

**[BY DIRECT WIRE TO THE TIMES.]** CHICAGO, April 16.—[Exclusive Dispatch.] A formal real estate transfer, made in the routine of the county recorder's office yesterday, revealed the story of a Chicago minister of the gospel who has gained a fortune of \$600,000 during his spare time from preaching. Four years ago he left Chicago with slender means to nurse a daughter back to health. Today he is the owner of land estates and an exclusive metropolitan apartment building.

The hero of this fairy tale of finance has not taken any further action, and the Speaker is conferring with them to return to the sessions.

Meanwhile, the question of adopting the report of the Conference Committee on the tariff arose. The minority had presented a report favoring the adoption of certain features of the unusual committee's resolution, which urged the adoption of the tariff measure by Congress, but the majority refused to receive the report. Thereupon the Progressives struck.

**WASHINGTON BRIEFS.**

**Women on Hatch-Hatchy.**

RAILWAY RECORD.

**HARRIMAN AND GOULD AGREE.***Former, Though Interested in Western Pacific.**Big Trade in Denver and Rio Grande Explained.**A San Francisco Outlet Over New Line Sought.***[BY DIRECT WIRE TO THE TIMES.]**

**NEW YORK.** April 16.—[Exclusive Dispatch.] Nearly 260,000 shares of the common stock of the Denver and Rio Grande Railroad have been traded in the market during the past two weeks. This is equal to more than the total amount of common stock in the hands of the public. The number of shares of common stock outstanding is 250,000, and 110,000 are held by Missouri Pacific.

Various roads have been mentioned as buyers for control of the Denver company, the ultimate object being to gain an outlet to the Pacific Coast over the Western Pacific—which is now nearly finished—from Salt Lake to San Francisco, two-thirds of control of this road being owned by the Denver and Rio Grande.

The stock has been selling at about \$10 share, which compares with the low price of about \$14 in 1906, and it now shows an advance of nearly twenty points from the minimum price of this year.

The consensus of opinion is that something is in the works. The most probable theory is that there has been competitive buying by large interests for control in the Denver and Rio Grande and its subsidiary, the Western Pacific.

While no man outside can say definitely to what extent Harriman and Gould have an understanding as regards the Denver and Rio Grande situation and the Western Pacific, there is no reason to believe that they have an understanding between Gould and Harriman that was pretty nearly completed; and that, under the terms of Mr. Gould's will to the future, much more than that need be done to add to Mr. Harriman's power in the railroad world has been immensely increased.

**RIPLEY VISITS FULLERTON.***President of Santa Fe Railroad Looks Over Company's Oil Wells Today.***[BY DIRECT WIRE TO THE TIMES.]**

**FULLERTON (Cal.)** April 16.—[Exclusive Dispatch.] President Ripley of the Santa Fe and wife, arrived here tonight in their special car.

Mr. Ripley came to town yesterday morning by auto to look over the company's extensive properties here. He has not visited the Fullerton oil wells for several years.

The private car will be switched around to Yerba tomorrow and Mr. Ripley will board it at that point at noon.

**FIGHTS GIFT TO ROAD.***THREATENS TO RESIGN.***[BY DIRECT WIRE TO THE TIMES.]**

**SEATTLE.** April 16.—[Exclusive Dispatch.] Action of the City Council Corporation Committee in recommending the perpetual blocking of a street to give the Oregon and Washington Railroad, the Harriman road, perpetual monopoly to a large wholesale freight business will be bitterly fought by A. V. Bouillon, superintendent.

"The action is a crime," declared Mr. Bouillon today, "and every effort will be made to prevent the City Council from approving the work of the committee."

Under the guise of seeking a spur to reach its own property, the road asks a spur crossing the lines of the Great Northern and Northern Pacific roads and occupying the only portion of railroad way left open to all freight traffic, giving it a monopoly to all freight service arising from a large wholesale district.

**Cool Case Decided.****BISMARCK (N. D.)** April 16.—The Supreme Court decided today that the state can charge a maximum rate to be reasonable. The court issued an order enjoining the Northern Pacific, Great Northern and Minneapolis St. Paul and Pacific from increasing their present tariffs and ordering them to put into effect the tariffs fixed by the Legislature two years ago.

## ALL THE LATEST SPORT NEWS, LOCAL AND TELEGRAPHIC

CAN GO SOME.

## MORE LAURELS FOR WOLGAST.

*Has a Shade the Better of Larger Opponent.**Mensis Fights Well, But Is Puzzled by Defense.**Ralph Calloway Is a False Alarm Scrapper.*

Ad Wolgast beat George Mensic.

Jim Cameron beat Ralph Calloway.

Jimmy Austin beat Young Miller.

Young Kaufman knocked out Young Solomon.

Kid Monte beat Kid Brady.

Ad Wolgast beat George Mengic.

The fight was last night in their ten-round

go at the Naud Junction Pavilion,

and his principal means of victory lay in his fighting, in which he hammered

Mensis, unmercifully in the stomach,

and on the outside of a clinch he bashed Mensic on the kidneys until

the poor fellow's back was red and

raw from the beating.

As by far the stronger at the end, and was

full of fight.

The fight was a real battle, and was one of the roughest and most

seen here in months. It was very

much of a butting match, in which the

two boys went at each other twenty

times, charging with their heads low-

down, and wrestling in a savage man-

ner. There was a lot of clinching,

hugging, and in these

Wolgast shone, for he is

smaller than Mensic, and the way

in which he worked his short arms on

Gordon's long ones certainly showed

some of the bags something about in-

fighting.

Wolgast fought under cover, as he

always does, and was slowly forcing

Mensis around the ring in most ev-

ery round. Mensic could not get in-

side of Wolgast's defense. The little

boy was willing to mix it at all times,

and with Mensic also willing, the

fight developed into a fierce one, full

of butting, wrestling and some of

Twins' Sullivan's shoulder work. Both

had a fair share of butting, and were

both several times sent to the mat.

It was so fierce that the spectators

could not tell which boy started the rough work.

Both seemed to have a shade of

the better of the round, and the sec-

ond was about even, and the clinching

and butting commenced here.

The second was about an even thing,

while the third was Wolgast's, owing

to his falling blows to the stomach.

The fourth was about even, while the

fifth was a butting match, in which

Mensis had the better of things on

account of his right chops to the face

as Wolgast came tearing in. The sixth

was about an even one, and the seventh

was Mensic's, a shade, and the ninth Wolgast's, while the tenth was about even. On the whole, Wolgast had the better of the hard punches, and while the battle was a close one, it did not entitle him to the decision on account of the number of damaging blows landed.

Such a decision does not discredit

Mensis, for he is against a classy boy who is very hard to hit, can hit hard without being hit, and the blow in the stomach were the ones that gave the fight to Wolgast.

FALSE ALARM.

Jim Cameron and Ralph Calloway,

the negroes, put up a rather enter-

scrap, for Cameron was too tall

and his arms too long for Calloway.

The big man caught almost every

one of Calloway's blows. He would

grab Calloway in the clinches and

reaching around under Calloway's

arms would snap him on the face.

Calloway slapped Calloway's eye

so hard it was a bad-looking

man at the end.

Young Kaufman and Young Solom-

on, in a scheduled six-round bout,

gave one of the fiercest slugging

bouts ever seen. It was the

second round Kaufman landed

right and left on Solomon's head. Then

Solomon landed a hard blow on Kauf-

man's stomach, and Kaufman rushed

back with a right to the face that

brought him down. Then Solomon slammed

right into Kaufman's face and fol-

lowed this with another that knocked

Kaufman down.

The second round was all Solomon's,

and in his second rush he floored Kauf-

man with a right to the face.

Kaufman went down eight seconds later

after he got up Solomon downed him again, and this time Kaufman was

almost out.

The third round opened with Solom-

on bashing Kaufman on the face.

Kaufman gave a wild left on the jaw that

staggered him. Then Kaufman rushed

the stomach, which doubled him up

and he turned and ran. Kaufman

chased his man to the ropes and

him several times on the side of the

city in auto today and were

guests of honor at a dance at the

club tonight. They expect to leave the city Saturday evening

arriving for home.

AUSTIN BEATS MILLER.

Jimmy Austin beat Young Miller

easily in their six-round go by taking

the fight to the bigger boy. Jimmy

was always the aggressor, and by

feinting and boxing kept Miller on the

defensive in every round. Austin was

too clever and too fast for Miller,

*and had him guessing all the way.*  
Miller apparently has nothing but a right hand swing, and he telegraphs this half the time, and thus warned Austin of no trouble in avoiding the big majority of Miller's rushes.

The first round was about even, but Austin had all the better of the second, third, fourth and fifth, while the sixth was about even. This last round was the only one in which Miller was willing to let it go, for he made it. He made it even here, but Austin's lead was too great to overcome. Austin was never in danger, for he had Miller plainly scared, and shifted and landed right and left on Miller at all.

The round-raiser was four rounds between Kid Monte and Kid Brady, and this was a fast and furious thing, with Monte having all the patter of the more round. He hammered Brady hard and often, and twice had him down twice in the first round, but notwithstanding the fearful racing he gave Brady, the little fellow stayed the limit, but never had a chance to win. Monte was on top of all the time, and must have hit him eighty times, but Brady was fairly strong at the end.

SIGHT ARTICLES.

*CONDITIONS ARE CHANGED.**(BY DIRECT WIRE TO THE TIMES.)*

CHICAGO, April 16.—[Exclusive Dispatch.]

Dolan, McFadden and Dillen-

beck, the three members of the

Nelson signed articles for a

forty-five round bout on the Pacific

Coast, at a meeting tonight, but it was

only after a long and personal argu-

ment that they did so. Both men

seemed in danger of losing their tem-

per at one time, and some lively re-

partee was exchanged.

## BALLOON IS RESCUED FROM THE MOUNTAINS.

BY PAUL J. BRAUD.

TONY FERRIS' balloon "American" is safe in Pasadena, except the basket.

Despite the tremendous difficulties of flight, no generally known that men of persons familiar with conditions in the San Gabriel Mountains reluctantly declared their honest opinion that the balloon in which Capt. Mueller and his party so nearly lost their way to death in mountainous country could never be brought back. The American was packed on six

to deal with the utter depravity and general "hollowness" of the bunch which frequently insisted on leaving the trail or straying away while packers were being made or readjusted, entailing no end of fuming and chasing over the steep mountain ridges. Walking matches with burros in the middle of the creek were frequent when the cañon was entered, but the bottom of the trail was reached at 6 o'clock yesterday evening, and an hour later the balloon, snugly loaded into a waiting wagon, was hauled into a barn in Pasadena.

### WISE TALK.

By The "Office Boy"

The Old Man says, "Police is to business life what nerves are to the automobile, both lessen the jolts wonderfully."

I don't believe any woman has ever been quite satisfied with the training her husband gets from his mother, and she is perfectly satisfied when he makes his purchases in a hardware store, because she knows they are right in a particular, or if not, we will find out.

Our stores is awfully dirty. Every article is plain figures at the very

price it can be sold at, and we waited upon by a saleswoman who has no grouch, but is most accommodating.

I am trading at our stores makes me more cheerful. Cheerfulness is natural to the heart in good health as glow is to cheek.

Even if our prices were as high as those of others, or if we resorted to schemes to make you think we were lower than they are, getting away from perpetual gloom found in many stores would repay for coming to us. Tomorrow stores will be open until 6 o'clock.

We want you to come in. You'll need a new shirt, or pair of fancy shorts, and perhaps a straw hat. You'll enjoy watching the men work the beautiful team work of men in their different departments, and the kind way they treat one another as well as each customer. It's awfully nice to trade at stores with a conscience and be waited upon by conscientious salesmen.

It's a good idea to put some time in practicing not winning, but losing.

REAT ATHLETIC  
CONTESTS TODAY.

CALIFORNIA MEN ARE READY FOR  
THE FRAY.

Day of Sports at Berkley  
Promised to Be Marked by Close  
Struggle—Stanford Men Practice  
the California Oval in Preparation  
for Track and Field Events.

LOW SHERIFF WIRE TO TIMES.

BERKELEY, April 16.—(Exclusive)  
Everything is in readiness for the annual California-Stanford  
meet, tennis matches, and track and field tomorrow. The California  
in all events are in fine shape, and today the crew was away from the campus while the track team was at the theater. The threatening clouds tonight cause some apprehension, but the weather man promises a clear day tomorrow. The  
Vandy baseball victory over Stanford  
yesterday was a surprise to all, while the track meet  
was off on a straightaway, while Edwards  
had negotiated the curve here for third place.

One of the big surprises of the day is the win by the elite. Stanford is leading Bradford last year's winner, Fletcher, and Holloman. While California is depending on Tom Smith and DeMamill. Most dope sheets give Smith first, Bradford second and DeMamill third, while others give first and second to Smith and DeMamill. These are good that the intercollegiate record of 4:22.2-5:8, will go in this event.

In the low hurdles first and second places are given to Edwards and H. J. Jones, while Capt. Morton of Stanford left to fight it out with Grubb for the title. Preliminary records justify this selection. For Jones had done 24.4s on a straightaway, while Edwards had negotiated the curve here for 3:5-5:8.

Wynan and Miller are given first and second in the quartered by the majority of wise ones, while third is given to either Chase or Butler, California's freshman.

California will have everything her own way in the broad jump with Vilas, who is going over 22 feet, and Rathbone, Chapman and Kretzinger, who are negotiating over 21 ft. 6 in. very consistently. Stoltz of Stanford is the

only dangerous opponent, and he is given no better than third.

Stanford concedes every point in the high to California, for three men here are going over 8 ft. 10 in. and three more over 8 ft. 8 in. Bill Munro and Stoltz seem certain to be the point winners.

A. W. Brown, C. Brown, Bull and Sheridan are the most likely California entries in the pole. The first three have been clearing over 11 ft. 2 in. consistently, and Sheridan has cleared over 11 ft. Scott and Stoltz of Stanford are considered the most dangerous opponents. Scott has done 11 ft. 7 in., but for the past three weeks he has been handicapped by a bad ankle, and on that account A. Brown, who has done 11 ft. 5 in., is conceded as having the best chance for first.

If the meet should develop on the relay, Stanford will probably be victorious, for her quintette of Conanan, Wyman, Miller, Stoltz and either McGregor or Coleman seem to be the best of the California team, which will

Aero Club Balloon Party in the Mountains,

where Ferris' "American" fell and was prepared for transportation. The men are A. O. Paulson, W. L. Wiggin, E. B. Anderson, L. E. Graves, J. C. Perry and Capt. A. E. Mueller. The balloon bag was arranged for

two horses and taken safely to the Crown City.

It was a big job. The Arroyo Seco this season of the year could quite easily be called the Arroyo Mojado, the water is nearly as high as in the river and the trail crosses the creek less than ninety-seven times between the entrance to the cañon and foot of the trail to the top of Cherry Ridge. There are sixty-four to be made before reaching the camp, which is a little more than half way to the spot in which the balloon was found. The loading to the top of the ridge is relatively slow, rocky and difficult, while the switchbacks, or zig-zags, are appallingly short in the causing pack to shift and turn now and again trying manner to the amateur drivers. All these difficulties are overcome by the help of packers who have worked hard all week, and the last group of Capt. A. E. Mueller, O. Wiggin and Paul J. Braud—after who make over some of the pack to the trip down the mountain in two days, with the assistance of Capt. H. C. Muller, who addition to the natural difficulties presented by the trail, the party had a hard time.

Capt. Mueller says he will not be able to get the balloon ready for the start Saturday morning, in which case the exposition will be postponed.

NEARING THE END.

### BRUNICH STILL FORGES AHEAD.

SIX-DAY WALKERS ARE KEEPING UP THE GRIND.

Morgan and Welfare Seem to Have First Place Cinched—Blistered Feet Bother Pedestrians—Woman Walkers to Compete Against Men Today in Endurance Test.

Brunich, the German vegetarian, piled up the individual scores yesterday in the six-day walking match at the Southern California Exposition. On Thursday Mitchell got the best of German by four laps, but yesterday he only covered twenty-four miles in six hours and fifteen minutes to the German's thirty-three miles and seven laps in seven hours and forty minutes.

Welfare made the next highest score, with thirty-three miles and four laps in ten hours and five minutes, losing to Brunich only by three laps.

Third place went to Morgan, Welfare's walking partner, with twenty-nine miles and five laps in seven hours and twenty minutes.

The team scores for the week follow:

Miles. Laps. Time.

Morgan and Welfare... 19 on floor, 21 in air, 20 in sun, 22 in rain, 23 in snow, 24 in mud, 25 in sand, 26 in hills, 27 in water, 28 in mud, 29 in hills, 30 in water, 31 in mud, 32 in hills, 33 in water, 34 in mud, 35 in hills, 36 in water, 37 in mud, 38 in hills, 39 in water, 40 in mud, 41 in hills, 42 in water, 43 in mud, 44 in hills, 45 in water, 46 in mud, 47 in hills, 48 in water, 49 in ## THE CITY IN BRIEF

GATE  
Don't pass this hat by!

## NEWS AND BUSINESS.

## Knights to Initiate.

Los Angeles Council, Knights of Columbus, will initiate a large class at San Luis Obispo, tomorrow. Fifty members of the council will leave this afternoon in a special car for the Southern Pacific. They will return Monday morning.

## La Tijera Club.

The La Tijera Club entertained, last evening with a dance at the Goldberg-Bosley assembly room. There were three hundred present. The participants were Dr. Mary G. Schaeffer, Mrs. Charles A. King, Mrs. J. O'Neill and Mrs. C. Howard.

## New Chief Clerk Here.

W. E. Bennett, chief clerk in the government weather bureau at Buffalo, who was recently appointed to the Los Angeles office, has arrived here, ready for work. He takes the place formerly occupied by W. D. Miller, who had been transferred to Portland.

## Leather Club Quarters.

California Council of the Young Men's Institute, yesterday, secured a three years' lease on a large portion of the upper floor of the Exchange Building, at the corner of Third and Hill streets. There will be a reading room, smoking apartment, billiard and poolroom and a parlor.

## Electrical Engineers' Meeting.

The Los Angeles section, American Institute of Electrical Engineers, will meet at the University of Southern California, Tuesday evening. There will be a panel discussion "Practical Consideration Concerning the Choice of Prime Movers" by W. B. Gump, Charles P. Steinmetz's paper on "Prime Movers" will be abridged by William R. Bowker.

## Council's Dance.

Angels Council of the Young Men's Institute will celebrate its first anniversary with a dance at Kramer's Ballroom, Saturday night. The committee in charge consists of E. H. Hennessy, C. H. Coffey, J. J. Haley, Jr., Frank Fitzgerald, Leo Franke, F. Callahan and R. Kelly. Handicrafts and souvenir programmes will be issued and an orchestra will furnish the music.

## For Japanese Squadron.

The Chamber of Commerce Fleet Committee will meet Monday afternoon to formulate plans for the entertainment of the officers of the Japanese squadron which will reach San Pedro Saturday. The fleet will consist of two captains and sixty-six other officers. An automobile ride, theater party and a possible reception may be included in the programme.

## Trail to Falls Opened.

The trail to the top of Nevada Falls, Yosemite Park, was opened yesterday and the first day it declined to have ever been as impressive in April as this year. Many tourists visited them on the return from the Big Trees. The Southern Pacific yesterday inaugurated its Pullman service between Los Angeles and El Portal and the new schedule is the fastest ever attempted. Heretofore two nights and a day and a half have been required to make the trip, but now the time is shortened by several hours.

## Queen's Widow Doubts.

An investigation was conducted yesterday by Officer Ramsey of the District Attorney's office into the killing of the death of Charles Brudenbecker of Monrovia, his report being similar to the verdict of the Coroner's jury, that it was accidental. The man, of Brudenbecker's account, had been found dead and was not satisfied with the jury's verdict. All evidence points to the fact that the man, intoxicated, lay down on the tracks of the electric line, near Monrovia, and was struck and killed by a car in the early morning.

## Knights Temples to Meet.

The Grand Commandery, Knights Templars, will meet in San Francisco next week, and Grand Commander W. D. Stephens of this city left for the North last night to close up his work prior to the meeting. The annual meeting of the Royal and Select Master Masons will be held at the same time, of which William H. Gaynor of this city is the Grand Master. The third meeting during the week will be that of the Grand Chapter of the Royal Arch Masons. Other officers of the Grand Commandery, Knights Templars, who will attend from the west are A. L. Calfee, Grand Captain; General W. Hammel, Grand Junior Warden, and Perry W. Weldner, Grand Warden.

## Presbyterian Missions.

An error was made in The Times of yesterday, in quoting the amounts contributed to home missions by Imperial Presbyterian Church, and all the other Presbyterian churches of Southern California. In the case of Immanuel Church the amount contributed, \$816, was to a home mission cause throughout the United States, while the credit given to the Imperial Presbyterian churches in Southern California was given for the direct help of mission churches in Los Angeles, Orange and San Diego counties. For the wider object, all the churches gave about \$40,000, and of this amount the Immanuel Church gave \$816. The mixing of figures did an unintentional wrong to some liberal givers among the churches of Southern California.

## BREVITIES.

Everything at the Newmarket, 522-54 South Broadway, first-class. All our meats are young, tender, well fed. Our prices are the lowest because we sell only for cash and have no overhead in paying. We have all our sausages in our market, and they are clean, well-seasoned, delicious and wholesomeness. Read the following prices for best of meats, and come to us. We do exactly as we advertise: This week we have on a big special sale of veal, very round, 10c per pound; loin, rump and leg roasts one pound; pork, leg roasts, 12½c and 15c per pound; pork, shoulder roasts, 12c per pound; boll beef, 6c per pound; pot roast, 12c per pound; rib steak, fine, 3 pounds for 50c; prime rib roast, thick end, 12½c per pound; small end, 1½c per pound (various choices); mutton stew, 5c per pound; salted tongue, 25c each; corned beef, 12c per pound; and the roasts are the best. Bring your cash to the leaders of high qualities and low prices. Newmarket, 522-54 S. Broadway, bet 5th and 6th.

Remember the slogan: "Buy and Boost Home Products." For daily reference page 9, part II, of The Times contains lists of the largest manufacturers, under the heading "Made in Southern California." You will find there are manufacturers of necessities and luxuries—here—manufacturers of things to eat and drink—things for the home, the factory, the store and the farm. Buy them from them! There are none better. Buy and Boost, and keep your money at home where it will do you and yours the most good!

"Times" Cook Book No. 3 ready today, and until the edition is exhausted, is placed in the largest, most elaborate and comprehensive cooking book of the series issued by The Times. The 315 recipes for hot Spanish and Mexican dishes and the hygienic department are big features of the publication. The recipes brought out by Times' expert cooks and cooks generally from Southern California housewives and noted chefs. Price 25 cents; by mail 5 cents additional. Address The Times, Los Angeles.

Palace Market, the old reliable—now the place to buy veal, and we offer today shoulder rolls, 10c per pound; choice veal stew, 5c; choice leg of yearling lamb, 12½c. We can also save you money on other choice cuts.

Get the Turkish rugs, why pay auction prices on supposed oriental rugs when you can buy the genuine for a song at Balboa? He is prominently located at 422 S. Spring street, and is the largest direct importer of genuine oriental rugs. A visit will convince you.

Wreden Packing and Provision Company will give special low prices on choice meats this week, 120 S. Main.

Forsgate & Ross, 448 S. Broadway, Wreden Packing. Thursday.

Right goods at right prices are in abundance at A. J. Hamilton & Son, 311 S. Broadway.

For nervous exhaustion and eye strain, see Dr. Logan, oculist, 415 S. Spring.

WHEN?

## NO INDICTMENT YET IN SIGHT.

## GRAND JURY TAKES A RECESS UNTIL NEXT WEEK.

Mayor's Secretary Under Harper Administration One of Yesterday's Witnesses, and Testimony Also Given by Attaches of Banka. Tracing Money and Checks.

After devoting the day to an examination of several witnesses, most of them apparently in connection with Nick Oswald's business deals, the grand jury adjourned last evening until Monday morning at 10 o'clock.

No further indictments were returned, and there is evidently little prospect that the jury will be ready with its report before the latter part of next week.

There is tense interest in certain quarters as to the prospect for more indictments, but it is impossible, of course, to divine what the action of the jury may be. It is certain that the inquisitors are following every possible lead in an effort to get at the facts.

Herbert D. Kennedy, who was private secretary to the Mayor until yesterday's witness, was in the grand jury room about an hour.

Miss Susanna Dean was another witness. She was an employee in the safe deposit department of the Commercial National Bank. At the time certain persons under investigation are supposed to have kept money there. An employee of the Farmers' and Merchants' Bank was called in the afternoon, but remained only a few minutes and then Q. C. Clegg, cashier of the Security Savings Bank, who had testified on Thursday, was interrogated yesterday morning and afternoon.

Alex Ackerman, a saloon keeper, also was heard.

Nick Oswald sold for \$10,000 to Earl, and which he is supposed to have repaid to the grand jury, there were numerous statements as to money and checks, and the aim of the grand jury and the District Attorney seem to be to get at this through the banks.

There is a strong impression in circles that have followed the case closely, that there will be no indictment, unless the grand jury in the last few days will be swayed by special train to Genoa where they will board the royal yacht Victoria for a cruise in the Mediterranean.

ISWOLSKY SITS TIGHT.

ST. PETERSBURG, April 18.—There is no truth in the report telegraphed from London that Emperor Nicholas has accepted the resignation of M. Iswolsky as Minister of Foreign Affairs.

BIRTHS. DEATHS. MARRIAGES. DIVORCE.

## In Memoriam.

(Under this section The Times will accept for publication, at its expense, notices of deaths, anniversaries, etc., in commemoration of deaths.)

## PUBLIC SERVICE—OFFICIAL DOINGS.

### SUMMARY OF THE DAY.

Fourteen carloads of mules, 261 in all, are expected today from the Kansas City market for aqueduct uses.

Mary E. Wickersham of Long Beach filed a petition in the Superior Court indicating that some one had hoodwinked her out of four vacant lots, located here and at the beach.

A petition was filed yesterday for the foreclosure of a mechanic's lien upon the property of the Jeffries Athletic Club at Vernon.

Aamicable settlement was made of the \$300,000 fortune of the aged Ira Phillips, and the proceedings for the appointment of a guardian will be dismissed.

### AT THE CITY HALL

### SELECT MULES FOR AQUEDUCT.

### FLOWER OF KANSAS CITY PENS IS EN ROUTE HERE.

Fourteen carloads of carefully-chosen animals represent a cost of over fifty thousand dollars. Will be shipped to Mojave for New Tasks.

Fourteen stock cars loaded with the flower of the mule pens of Kansas City will reach Los Angeles this afternoon or tomorrow morning and with their arrival the animal motive power problem of the Owens River aqueduct will be solved. The mules number 261 and comprise the largest single shipment of animals ever sent from Kansas City to the Pacific.

They were purchased for the city by J. W. Snowden and Councilman H. H. Yonkin, who are expert judges. The board sent them east two weeks ago with the money to cover the purchase of 300 miles at not more than \$220 delivered at Mojave, Cal. Mr. Snowden returned yesterday and desires that a unit of the cars at the pens here will be a sight worth seeing.

"Mr. Yonkin and I had exceptional opportunity to make selections," said Snowden, "and I believe we got the best mules ever brought across the Rockies. They will average six years in age, are well broke, will average 1,000 pounds in weight and fifteen and a half hands in height. They are all about stocky animals, well seasoned and thoroughly trained. There are no legacy ones. They were picked with an eye single to the purpose for which they are to be used, and we believe they will meet the expectations fully."

Snowden, who is the average citizen, said, "We have, with freight added, will bring them under the price fixed by the board, \$220. The animals were at El Paso Thursday, and had made the journey without accident. According to the regular routine of travel they should be here not later than tomorrow morning."

Councilman Yonkin did not return with Snowden, but went to Chicago to visit his father. He is due here tomorrow.

Before the Kansas City market was sought, the board had searched Southern California and had found 139 mules for which it paid an average of \$194. Many of these mules were old and not suited to the strenuous work demanded, but the board made a large saving by purchasing.

The aqueduct management has been paying a high rate of wages and feeding and caring for them. At this rate the board, by purchasing, has made a large saving, as to rent the 400 miles required would take \$40,000 annually. The board calculates that in the first year of the aqueduct's existence there will be a saving at practically what they cost for they will then be assimilated, and the mule account will really show a profit over the greater expense of renting.

The animals will be kept here a day or two and then shipped to Mojave, for immediate service.

### FOOLS BROKERS.

### NEW IDENTIFICATION SELLERS.

Merchants who have been cashing aqueduct laborers' letters of identification are making strong objections to a new system inaugurated by Disbursing Agent Nelson. These letters of identification are issued to laborers who have been working on the aqueduct service before the end of any month and certify to the identity of the bearer and the amount due. It has been the practice to cash these letters at stores and other places than business men who kept men along the work to assist their business. A fee of 5¢ to 50¢ cents was charged for cashing.

These assignments became so numerous that Nelson had to put on extra clerks to handle the work of checking, and he decided to put a stop to the brokerage trade. Accordingly new letters of identification are to be presented at the time of payment, or else have to be issued. These letters do not state the amount due, hence the brokers are unable to tell how much the bearer is entitled to. And that is why there is complaint.

### INSPECTORS SHUDDER.

WHO SAID UNIFORMS?

The expected had happened. The forty inspectors subordinate to the Board of Health know it; so do some others, but the four inspectors know it worse than the others.

Like Mongols pouring hot oil in the casks where the forty thieves were hidden, according to the good story of Ali Baba, came the suggestion of the new Board of Health that it would be well for all the inspectors to wear uniforms.

It is one thing to be an inspector, but to be an inspector in a service uniform, like a policeman or street-car conductor or an usher at a moving-picture show, is not to be dreamed of.

Of course no one except a new Board of Health would have suggested uniforms for the bearers of the new board, the Mayor and Dr. L. M. Powers, Health Officer. Only the chief inspectors, about a dozen, were summoned, and not one of them was in uniform when Dr. Powers, the new Commissioner, hinted at as the originator of the thought.

The Mayor, when asked if the new board intended to require uniforms, winked his mischievous eye.

"Forget it," said he.

But the inspectors will not. They have expected it for every change of administration brings about the same suggestion, and it is a well-recognized City Hall "haunt." The inspectors

promise not to revive the subject if the board should forget it at any other meeting.

The meeting was held in the Mayor's office, Dr. Elmer A. Clark, whose name will be sent to the Council next week to succeed Dr. Seymour, was present. It was held late in the day behind closed doors—the first time the Mayor has shut the doors on his official doings. But this was because it was the last official doings.

The Mayor said it was for the purpose of familiarizing the new board with the mechanism of the department and the administration of the sanitary regulations, and as such had been a great success. The board had been called to take more of a passive interest in the work of sanitation and public health, and the meeting is preliminary to others and more important ones, it is understood.

This suggests the idea that the kind of uniforms may be discussed later, the inspectors fear.

### MAJOR'S NEW DEAL.

The Mayor has appointed Dr. Elmer A. Clark, a homeopathic physician, as a member of the Board of Health to succeed Dr. J. H. Seymour, resigned. The Mayor has also appointed Dr. Clark an entirely new deal in the official family. Not one member of any commission of which the Mayor is chairman was a member thirty days ago. Dr. Clark graduated from the Cleveland Homeopathic in 1878 and practiced in Los Angeles since 1884.

### AT THE COURTHOUSE.

### BRAND OF FRAUD PUT ON DEEDS.

### ALLEGED VICTIM ASKS TO HAVE THEM SET ASIDE.

Charging that some one has unlawfully conveyed, or purported to convey, properties in which she is interested, Mrs. Wickersham asks court to nullify instruments.

Charging that certain deeds to Los Angeles and Long Beach properties in which she is interested were fraudulently issued and recorded by some one, Mrs. Mary L. Wickersham asks the Superior Court to set them aside.

A peculiar series of real estate transactions is set forth in her complaints.

In the first case, the defendants are A. F. Habenicht and Lou A. Mattoon.

The petition recites that the plaintiff is a widow and an such owned lot 4 in the Alameda tract near Long Beach and lot 1 in the Rose Park tract of Los Angeles. It is set out that on the 14th of December, 1905, some one, without her consent or knowledge, fraudulently executed in her name and placed on record in the office of the County Recorder, an instrument purporting to be a deed from the plaintiff to Mattoon for the two pretended deeds from Mattoon to Habenicht.

This failed, and then a petition was filed for the naming of a guardian to look after her son. That was contested, and the amicable arrangement referred to followed.

BUSTER "BUSTED."

BUSTER DEALER SENTENCED.

Buster Griffin, the boy who posed dramatically before Judge Wilbur a week ago, and declared that he would never, no, never, tell the court the name of his mother, was given fifteen years in Folsom yesterday, but the sentence was suspended for one week.

The case against his side partner, Frank Dupre, was postponed for a week.

The boys entered the warehouse of Kress, Mendelsohn at Pomona, on February 25, where they remained during the night, and also robbed the store of W. A. Shafer, at that place, of a number of shoes.

The widow, Mrs. Eira Alice Stanton, signed a statement that her son, Joseph Stanton, a son, aged 27, and Edith Stanton, aged 21, both of Salt Lake, Utah,

WILBUR AGAIN. Justice Stephens will take another hitch at the Carlson embezzlement case Monday. The proceedings yesterday consisted entirely of arguments on the admissibility as evidence of the checks upon which the prosecution in the Carlson is based. The predictable Carlson says that he has just begun to fight.

ASKS DAMAGES. A. S. and Annie Robinson have brought an action in the Superior Court against the Los Angeles Railway Company, asking damages in \$10,000, by reason of injuries received by Annie Robinson at 21st and Figueroa Streets, on January 26. It is alleged that she was knocked down by a car of the defendant company and severely injured.

CHANGE OF NAME. The F. E. Newberry Company filed a petition yesterday asking that it be allowed to change its name to the "Newberry-Bowers Electric Company, and among other reasons for the change, it says that H. C. Bowers has for years been the manager of the concern.

INCORPORATIONS. Articles of incorporation were filed with the County recorder by the owners of the Thompson Seine Company, capital stock \$20,000, subscribed \$21,000; Pier Realty Company, capital stock \$200,000, subscribed \$200; directors, H. S. McKee, R. L. Rodgers, J. P. Chandler. All, with the exception of McKee, who is a resident of Monrovia, are residents of Los Angeles.

MUST PAY FOR KILLING.

The Second District Court of Appeal yesterday affirmed the judgment of the lower court in the case of Richard F. Simoneau, administrator of the estate of William A. Campbell, against the Pacific Electric Company.

The plaintiff got a substantial verdict against the railroad company, and the appellate court finds no reason for disturbing the judgment. Campbell was killed at Long Beach avenue and Thirtieth Street, by a car, it was alleged, while the car was going at an excessive rate of speed, and the motorman did not keep a sharp lookout for persons wishing to board the car at the regular stopping places.

IMPERIAL RESURVEY.

Plates of three townships in the reurveyed portion of the Imperial Valley, reached the local Land Office yesterday. The additional townships are 16 south, 14 east; 16 south, 15 east, and 17 south, 15 east. With two of the townships already set out, the remaining one will be surveyed in the fall.

The plaintiff asks that these deeds be declared null and void.

Mrs. Wickersham, in her petition, states that she has no knowledge of the forged, fraudulent and pretended transfers and conveyances of her property.

OVER THE ROPES.

JEFFRIES ATHLETIC CLUB SUED.

The Pioneer Building Company filed an action in the Superior Court yesterday, praying for the foreclosure of a mechanic's lien, filed January 16, last, upon the property of the Jeffries Athletic Club, and the sale of the same for \$212,10, in the event of nonpayment.

The club has already served a term of five months.

The plaintiff asks that these deeds be set aside.

The third action is against Lou A. Mattoon, Nancy E. Talbert and James Talbert. It is set forth that on the 1st of January last, some one, unknown to the parties, lawfully executed in the name of her husband, W. B. Wickersham, who was then living, deeds for lots 14 and 15 of the Orion tract, Long Beach, purporting to be a conveyance of title to the plaintiff.

On the 25th of December, deeds

for lots 14 and 15 of the Miramar tract, Long Beach, are involved.

On the 17th of January last, some one, unknown to the parties, lawfully executed in the name of her husband, W. B. Wickersham, who was then living, deeds for lots 14 and 15 of the Orion tract, Long Beach, purporting to be a conveyance of title to the plaintiff.

On the 17th of January last, some one, unknown to the parties, lawfully executed in the name of her husband, W. B. Wickersham, who was then living, deeds for lots 14 and 15 of the Orion tract, Long Beach, purporting to be a conveyance of title to the plaintiff.

On the 17th of January last, some one, unknown to the parties, lawfully executed in the name of her husband, W. B. Wickersham, who was then living, deeds for lots 14 and 15 of the Orion tract, Long Beach, purporting to be a conveyance of title to the plaintiff.

On the 17th of January last, some one, unknown to the parties, lawfully executed in the name of her husband, W. B. Wickersham, who was then living, deeds for lots 14 and 15 of the Orion tract, Long Beach, purporting to be a conveyance of title to the plaintiff.

On the 17th of January last, some one, unknown to the parties, lawfully executed in the name of her husband, W. B. Wickersham, who was then living, deeds for lots 14 and 15 of the Orion tract, Long Beach, purporting to be a conveyance of title to the plaintiff.

On the 17th of January last, some one, unknown to the parties, lawfully executed in the name of her husband, W. B. Wickersham, who was then living, deeds for lots 14 and 15 of the Orion tract, Long Beach, purporting to be a conveyance of title to the plaintiff.

On the 17th of January last, some one, unknown to the parties, lawfully executed in the name of her husband, W. B. Wickersham, who was then living, deeds for lots 14 and 15 of the Orion tract, Long Beach, purporting to be a conveyance of title to the plaintiff.

On the 17th of January last, some one, unknown to the parties, lawfully executed in the name of her husband, W. B. Wickersham, who was then living, deeds for lots 14 and 15 of the Orion tract, Long Beach, purporting to be a conveyance of title to the plaintiff.

On the 17th of January last, some one, unknown to the parties, lawfully executed in the name of her husband, W. B. Wickersham, who was then living, deeds for lots 14 and 15 of the Orion tract, Long Beach, purporting to be a conveyance of title to the plaintiff.

## ABSOLUTE CURE OF SKIN ERUPTIONS

**TOWNS IN  
WEST FIELDS.**

Broke Out on Hips and Legs—So Sore, Irritating and that Little Sufferer Can't Sleep—Scratches Constantly Kept Growing Worse.

**CUTICURA'S EFFECT  
QUICK AND PERMANENT**

"When about two and a half days after birth my daughter began to have a very irritating and painful rash, which began in October; the first was a little red surface and after a few days it got so bad she could not sleep. She got some and yellow water from them. I had two doctors see her, and they said it was a very bad rash under their skin. They recommended Cuticura Ointment and Cuticura Cream, and only used them two weeks, and was entirely well. This was a very bad case. She has never had any trouble since, and she is now over 12 years old. A bottle of Cuticura Ointment costs a box of Cuticura Cream, \$1.50. E. H. Whitaker, Winona, Sept. 22, 1908."

## WOMEN

Everywhere Use Cuticura and Cuticura Ointment. For preserving, purifying and softening the skin, for cleansing the crusts, and for the cure of the toilet, bath and nursery, used absolutely pure and from the hour of birth.

The Eclipse is just starting on the northeast quarter of S. The three are owned by P. J. O'Brien of field and associates.

**ROTARY BORING.**

Standard has a rotary rig on Midway, which started boring February 19, and on March 20 had drilled 2500 feet. It is still working at 2500 feet, but the market is a disappointment.

Standard has also leased all four of the wells for \$14 per month, and will start a rotary rig on the trouble with the rotary.

Standard is employing more men with the outlook for the rotary.

Standard has been looking for coal one, and has examined others submitted by inventors.

Standard is said to have a very favorable impression.

## EXCURSION

### An Even Break

And a chance to see it. Join the excursion to see the great Copper Mine situated in the northeast corner of San Bernardino County, Cal. Can stand on the property and look northward and see Nevada, look east and see Arizona, look south and west and see California.

Then take your camera and go to the hoist and be let down to the lower levels, get pictures of the Boronite Copper ore. Some of the ore is beautiful, and makes lovely jewelry. Thousands of tons of ore to select from both underground and on the surface.

Come to our office, 319 San Fernando Bldg., southeast corner Fourth and Main streets, Los Angeles, Cal. See samples of ore from all parts of the property. Ladies, you are invited.

Excursion train leaves Los Angeles, Santa Fe station, at 8 p.m. of the 20th inst. Return trip, \$1.60.

Further information given at the office above stated.

Respectfully,

CAL. GOLD & COPPER CO.

MINES AND MINING.

## CUSTOMS MILL FOR CRESCENT.

### FIRST UNIT OF NEVADA-VICTOR PLANT COMPLETED.

Surveyors Running Line for Road to El Dorado Canyon—Cananea Conditions About Normal Again. Good Strike Made on the Florence.

The first two units of the 400-ton mill of the Nevada-Victor Mining Company at Crescent, Nev., have been completed and mill run will start next week.

George P. Spittali of Philadelphia, general manager of the company, is spending a few days at the Alexandria, and states that he will commence shipping four cars of concentrates a week as soon as the mill is started, which can be obtained for \$10 to \$20 per ton.

Spittali says that the market is a disappointment, but the market is a disappointment.

Standard City has a similar product, and it has sold 700,000 barrels to the Janet Monarch refinery for \$7.50 a barrel.

The Eclipse is just starting on the northeast quarter of S. The three are owned by P. J. O'Brien of field and associates.

THE BREAKFAST FOOD  
EVERYBODY LIKES

### Cocoa Fact

#### No. 5

When the Spaniards came into Mexico in 1520, they found the beverage which the Indians made from cacao beans. They reckoned it among the most pleasing fruits of their conquest. A knowledge of this valuable food was first brought to Europe by Columbus.

The pay sheet of the Graft Hill Railroad, on the Mohawk Queen, has widened to eighteen inches in the winter from the 12-foot level, averaging \$2000 to the ton.

The pay sheet is improving with every shot, and it is predicted by many will rival the Hayee-Monette bonanza on the Mohawk Goldfield.

Chief Justice Mitchell of the Supreme Court of Pennsylvania, whose term expires December 31, will be elected director of the Nevada-Victor at the next meeting of the stockholders, when he retires from office will become advisory counsel.

Mr. Spittali states that mining is active in his section and several good strikes have been made within the last few weeks, notably those in the Nitro, Flywheel, and Lucky Boy and Double Standard, and assures the customs mill a larger output.

Cananea Development.

The Greene-Cananea is working full force.

The Phelps-Dodge people, who own the Sierra de Cobra, in the heart of the Greene holdings, are making a good body of high-grade gold and silver.

Victor is to follow as soon as the line is completed. Following the Greene, the 70-foot level, near the Miller lease line, has just opened a seam of rich rock that from an egg pan of fines is yielding from \$10 to \$15.

The pay sheet of the Graft Hill Railroad, on the Mohawk Queen, has widened to eighteen inches in the winter from the 12-foot level, averaging \$2000 to the ton.

The pay sheet is improving with every shot, and it is predicted by many will rival the Hayee-Monette bonanza on the Mohawk Goldfield.

John W. Norton of the Calumet and Sonora is in Cananea, to close the deal for the South Cananea properties recently taken over from the Mitchell brothers of the city.

The Cananea-Bisbee, owned by Hardy, Telenay and Cunningham of Bisbee, has been financed for a large amount of development, supplementing the heavy work of the past year, and will start a large force in the section.

The Kansas-Cananea Copper Company will start operations at the mines after a long period of idleness. Under the Ortega management work was suspended for a year, and the new management, and David Miller and associates have taken them and will finish the making of a mine out of the group upon which more than \$100,000 has been spent in the past three years.

It is asserted, the highest grade copper found in Cananea, running 15 per cent, but the extent of the bodies has not been proven.

Around Arizpe, due to the approaching transportation, provided by the Harriman line that is building up the River from Guaymas, there is great activity, and many experts report that in that locality, the first time for the past two years, and their presence can be taken as a safe barometer of conditions.

Florence Strike Big.

A big strike of \$200 ore has just been made on the Florence at Goldfield and a 12-foot ledge breaks as above stated.

The main vein, some 400 feet from the main shaft toward the Little Florence, with 200 feet of unbroken ground above it.

The ledge was broken into several days ago, but did not show up to the present until yesterday.

The high-grade shoot opened some time ago, on the same level adjoining the Florence, is again showing high grade and rich streaks carrying free gold that runs into the pictures.

You can prove this yourself.

Every sack guaranteed. At Grocers.

CAPITOL MILLING CO.

MADE IN LOS ANGELES

It is a scientific fact—proven by actual everyday kitchen tests—that the larger percentage of gluten contained in Capitol Flour causes Capitol Flour to make more loaves of bread to the sack—and not only MORE bread but MORE DIGESTIBLE bread.

FACTS, FEATURES  
AND, FANCIES,  
FOR WOMEN.

BY MISS SYDNEY FORD.  
There had several appeals from men on behalf of their husbands, brothers and sweethearts to make an article dealing with men's fashions and turbans. Yes, even the women themselves have brought this request for some consideration. Little grounds there where they unfortunately feel the bills for the apparel of the woman kind, they are entitled to some consideration. There is given the matter of masculine dress, therefore, deep and serious men and herewith present some suggestions which I hope may be of benefit to the men.

There is no malice toward men for the unkind and unfriendly remarks they have made from time to time this spring about our hats and director gowns. I beg you to let them attend to certain freakish apparel shown at the annual exhibit of the Merchant Tailor's International Exchange recently held in New York.

For instance, in the main exhibit of today was a brown silk waistcoat beaded with red flowers—fancy and rows of red silk stitching around the edges which took the place of buttons.

Then there was a wonderful dress set with a seamless front, all in one—no buttons known how the man expected to get it. But the wildcat out of it was black and white, said other than would cause a crowd to gather in any city street, according to the New York Sun.

More than 250 coats were shown in five different concerns at the exhibit, each coat carrying with it a pair of trousers and a fancy necktie. There was also a spring coat which met with much favor, in dark gray with ribbed silk facing of little darker shade, and velvet collar of the same general color. This coat is supposed to be a sort of a suit, a soft and gay tie, gloves and plaided skirt and gray ties, gloves and plaided skirt.

A. Reginald von Keller, editor of the American Gentleman, and arbiter of men's fashions in New York, said the coat will be immensely popular.

He wrote at the recent horse show at Bryn Mawr and it has therefore been christened the Bryn Mawr padock.

The tail was of diagonal cloth, the coat was fastened with vertical pockets and heavy drapery sides and was fastened in front with three buttons.

Mr. Von Keller announced that more and less black will be given this season to men's general evening dress.

The front of the coat being cut to show about three-quarters of an inch of white waistcoat, thus breaking the line of the coat which is plain.

It will be substituted for the coat which goes with a white undershirt.

The four-in-hand sticks for favor, and seems the king of neckties for general use. These are wider at the ends this spring, which gives them a more flaunting appearance.

The straight, turned-down waist in square bows are your looking and are almost exclusively of American origin. For evening wear, the regulation white is the thing.

The selection of tie these are a number of things to be taken into consideration. First, the color of the eyes. Most men have no idea of the color of their eyes. It is well to consult some girl about it. She generally knows what color eye. Then select the color which harmonizes.

But there is another question which comes in for consideration, and that is, the sort of tie the tie is to be worn.

If plain or varicolored tie.

If striped or checkered, then a plain tie.

If if the vest is light, then a tie of a darker shade should be chosen, and vice versa.

This tie question has been so absorbing that we've no space left this time for the discussion of hats and shoes, but will take that matter up in the future.

needed \$25,000 may be raised. Mrs. Bryant, Mrs. Balch and the other women in the city are working earnestly. Many of the wealthy have given money, but others have not done so. This is not a charity for the rich alone, and the cooperation of every one is solicited. The children may give their pennies, and those who have nothing, quiet.

At Coulter's store, Mrs. Saic is receiving contributions and subscriptions at a table near the entrance. She will gladly give any information regarding the contemplated work. Mrs. Balch is also receiving subscriptions at her door in the Angelus Hotel, and may be seen there Monday, Wednesday and Friday afternoons of each week between 2 and 2 o'clock. In various stores and offices in the city, subscriptions may be left with the cashiers or proprietors. Join the procession.

**Tag SELLERS MANY.**

**Women Active in Numerous Circles Will Vie With One Another for Charity.**

Women active in society, religious and theatrical circles, and others who are content to shine only in their own domestic spheres, will vie with each other in friendly rivalry in the sale of tags on Tag Day, Saturday, May 2, when the Associated Charities will make an effort to raise \$30,000 in a single day for the needy of Los Angeles.

Hundreds of men, women and children workers, many of whom are well-known, have offered their services to the Tag Day Committee, with headquarters in suite No. 448, Chamber of Commerce building. President Frank and Secretary, small of the Associated Charities assure confidence that there will more than 1000 competent lieutenants in line for the big battle that is to be fought with friendly smiles on that day.

The official colors for the day—yellow and white—were selected yesterday. This pretty combination will be seen everywhere on May Day. Gaily decorated automobiles with pennants of yellow and white, and filled with passengers, will be seen on the streets.

But to the neckties themselves, merchants have brought forth a delectable stock of ties this spring, the latest being known as "leaves of spring."

These leaves have a thick woven pattern of leaves and vines on a background of rich silk.

It is quite a fad now for the young man to buy the squares of silk and have his ties made if he can afford it. He is a skillful smitker.

The silk from which the finest cravats are made are specially woven for this purpose, a square of the precious stuff making two ties.

These aquatics come at all prices, from \$5 to \$100, the larger ones being exquisites. But beautiful ones are to be bought already made up, and, after all, a man has something better to do than to take his time ordering his tie.

The four-in-hand sticks for favor, and seems the king of neckties for general use. These are wider at the ends this spring, which gives them a more flaunting appearance.

The straight, turned-down waist in square bows are your looking and are almost exclusively of American origin.

For evening wear, the regulation white is the thing.

The selection of tie these are a number of things to be taken into consideration. First, the color of the eyes.

Most men have no idea of the color of their eyes. It is well to consult some girl about it. She generally knows what color eye.

Then select the color which harmonizes.

But there is another question which comes in for consideration, and that is, the sort of tie the tie is to be worn.

If plain or varicolored tie.

If striped or checkered, then a plain tie.

If if the vest is light, then a tie of a darker shade should be chosen, and vice versa.

This tie question has been so absorbing that we've no space left this time for the discussion of hats and shoes, but will take that matter up in the future.

### GRATITUDE.

### SEEKS TO PAY HIS OLD DEBTS.

### MERCHANT IS WORKING FOR THE ORPHANS' HOME.

### Well-Known Figure in Local Business World, Who Received His Early Training and Is Still at Institution, Comes to Help Raise Fund for New Building.

One of the most enthusiastic of the many who are aiding in the raising of the \$75,000 for the new Los Angeles Orphans' Home is a well-known merchant of this city. He is interested in the project from a humanitarian standpoint, but he has an even greater incentive to help in furthering this philanthropy.

When he was a lad he found a refuge in the local home, and received not only shelter and care, but a training which in his later life has stood him in good stead. Realizing better than the majority just what the Orphans' Home means to homeless waifs and fatherless or the motherless boy and girl, this man has not only given out of his income toward the proposed new home, but he is aiding the cause in every way possible.

He would not pay his benefactors back personally, but by this means seeks to pass on the charity and help other helpless, homeless children to the advantages which he was given. That he too may grow up to be independent men and women.

Two weeks remain in which the

Waifeline remains the same.

Clean up, my brothers, an eastern carriage announces that your waistline is on the downward path, but the one that you have a waist at all is entirely eliminated. The "naturalized" with incurving line, which has experts fostered the fancy that you have a waist line, is dissipated, and I have to tell it—but brothers, you must really clean up and take your mothers. It's not good form, say, for a so-called "naturalness" is gained after which prohibits passing.

You must never refer to it as a "waist," unless you wish to appear crude and ridiculous, so never allow to flaunt it above the boundaries of the outer garment, but modestly hide it under your lapels. Your evening coat, which will protrude just the quarter of an inch—no more, no less.

Vestures in Pairs as Usual.

Vestures will be worn bifurcated this spring, elegantly observes the Omaha. They will be roomy enough to fit in, but will not hang with the figure. Rather like a plumb line will the descent in a varied line, without taper, or sex for any such thing.

Fancy vests are somewhat hectic, as I have intimated above, the most notable in several ways being a creation called the Tasseled, which will be worn chiefly by the young. It is of a dark cream felt or flannel, and has stripes or checks some in vivid greens.

Both robes which, as the poet so truly observed, are to sleep and to sit in, but whose principal use is to sit through the hall in, are fashioned in the decided style. Turkish towelling being the most usual motif, while the more esthetic type is made of elder-down flannel in pale pink, baby blue or lovely lavender.

All Aiding Asids.

Silvery and seriously, gentlemen, are the thing this spring. Silver, known to be totally under the ban, however, if you frequent beach or lake, or live much in the open air, and thereby acquire a coarse complexion, avoid as you would a very deep green. Choose rather the very deep extremely pronounced, some of which an expert eye, would call a dull white. Broad lapels, with wide and pointed darts, are a distinctive feature of spring coats, both business and formal occasions. Vests of pearl tints are among the most striking novelties of spring.

Ties, Hats and Shoes.

If a man can select these three things with taste, hats and shoes, observes the good American, the rest of his get-up does not matter much. He gets along three things which he wears always, with a quiet grace, and may have a look his best, because he wore a flaming red. He may be even shabby, but his powers may lack the dash of a good man, and if he has a tie, hat and shoes, and knows how to make them shiny, well

EXCELSIOR.

## PASADENA BOY GAINS HONOR.

## 16 NAMED ON COMMITTEE FOR ZOOLOGICAL PARK.

Wife of Postoffice Messenger Dies in Hospital from Injuries Received While Alighting from Electric Car. Mother and Daughter Have Narrow Escape in Runaway.

Officer of The Times, No. 24 E. Raymond Ave., PASADENA, April 17.—Joseph Grinnell, well known in this city, a son of Dr. and Mrs. Fordyce Grinnell, and who is now superintendent of the Alexander Museum of the University of California, has been appointed to serve on a committee with Benjamin Ide Wheeler and others for the establishment of a zoological park near San Francisco.

"Joe," as he is familiarly known in Pasadena, is said to be doing remarkably well in his work at the university. Another interesting fact that has not been made public is that, when ex-President Theodore Roosevelt asked President Wheeler of the university to choose a man to accompany him to Africa, Prof. Ide Wheeler selected Joseph Grinnell to be the man. He selected Edmund A. Heller, who accompanied Grinnell from Chicago to act as his assistant in work in the San Bernardino Mountains.

Miss Elizabeth Grinnell, sister of the scientist, will leave in a few days to attend the commencement exercises at Berkeley, and to go later to the summer school at Pacific Grove.

## FALL PROVES FATAL.

Mrs. Joseph Getschke, wife of a messenger in the Pasadena post office, died at the Pasadena Hospital yesterday morning from the results of an accident received while alighting from an electric car.

As nearly as can be learned, Mrs. Getschke walked toward the car, intending to board it, retreated, and then, instead of getting off, attempted to get on. She was thrown backward violently, striking her head on the asphalt pavement.

Her death came as a surprise to those who witnessed the accident, for the reason that the injured woman, while stunned, was able to walk to the hospital, a short distance from South Fair Oaks and Pico street, where the accident occurred. At the hospital she was attended by Dr. A. L. Williams, who found that her skull had been fractured. She sank gradually into a stupor, from which she never recovered.

Mrs. Getschke leaves a widower and four children. She was 27 years old.

## WOMEN'S NARROW ESCAPE.

The wife and daughter of Judge Magee narrowly escaped injury in a runaway which took place on Catalina avenue yesterday afternoon. The horse, which Mrs. Magee was driving, kicked violently and then ran. Mrs. Magee and her daughter leaped from the buggy. The animal went several yards, then reared and kicked all the way, and finally injured its leg so severely that it fell and could not rise. An order for the animal ambulance of the Pasadena Humane Society was quickly responded to and the horse was removed to its stable.

## AFTERNOON TEA.

The home of Mr. and Mrs. W. A. McHenry of Ford Place was the scene of a charmingly appointed tea yesterday afternoon, when about one hundred and fifty guests were entertained between 2 and 4 o'clock, more than one hundred of her friends in honor of her sister-in-law, Mrs. Sears McHenry, who is here for a short visit.

Roses were used in profusion in decorating the tea room, and found an effective background in the mottled tints of the room.

Mrs. McHenry received with her daughter, and wore a handsome gown of gray drap with a garniture of antique lace. Miss McHenry wore a delicate green brocade, trimmings with gold lace, and the uniform of honor worn by the maid of honor.

William Litten stepped out behind one of the trees, where he had been watching her. Their acquaintance was renewed.

But the young man grew restless and came West to make his fortune. The girl grew to young womanhood without knowing what had become of him. Her parents came to Artie, bringing their family. One day, while visiting in Whittier Mills, West was fascinated by the beauty of an orange ranch on Magnolia avenue. While looking at the blooming trees and drinking in the fragrant smell of the blossoms, when she was startled to see William Litten step out from behind one of the trees, where he had been watching her. Their acquaintance was renewed.

The wedding was solemnized at the home of the bride's parents, Mr. and Mrs. C. J. West, last evening.

William Litten will have for her home the place which she so greatly admired.

amount of check took a horse and rig from in front of the post office, night before last. The stolen property belonged to Eugene French, who at once notified the officers. Marshal Oliver spent the entire night in an unsuccessful effort to locate the thief.

Edgar K. Green, a boy from Miss Delta Thompson of this city, a senior at Stanford, has been elected to the honorary society, Phi Beta Kappa, being one of the three from her sorority, the Phi Beta Phi, to receive the honor. The election comes as the result of high scholarship.

## CHURCH BUYS LOT.

The Christian Church has purchased the lot on West Philadelphia street, which adjoins its property. The five-room cottage on the lot will be utilized at present to accommodate a part of the Sunday-school. Another will be built on the rear for the primary grades.

## HELD ON FORGERY CHARGE.

Accused Is Alleged to Have Duped Monroe Business Man—Stable-man Wanted for Battery.

MONROVIA, April 18.—W. H. Julian, charged with forging a check on the American National Bank, was held in Justice Holloway's court this morning for the Superior Court. Julian is accused of passing a worthless check on H. E. Rader of this city.

Officers are looking for a stable man named Kelly, who is charged with striking his employer, J. J. Walsh, with a bottle and inflicting severe cuts. Walsh has a string of horses at the San Anita race course.

Edmund A. Haller, who accompanied Grinnell from Chicago to act as his assistant in work in the San Bernardino Mountains.

Miss Elizabeth Grinnell, sister of the scientist, will leave in a few days to attend the commencement exercises at Berkeley, and to go later to the summer school at Pacific Grove.

## FALL PROVES FATAL.

Their acquaintance was renewed.

The wedding was solemnized at the home of the bride's parents, Mr. and Mrs. C. J. West, last evening.

William Litten will have for her home the place which she so greatly admired.

## HOPE TO HAVE FLOAT.

Siera Madre Citizens Want Their Town Represented in the Elks' Parade.

SIERRA MADRE, April 16.—An effort is to be made to have this town represented by a float in the Elks' parade in July. The Board of Trade will probably take up the matter.

Conradine, a young man, left by tourists seeking orange blossoms.

Many, not content with a few blossoms, break branches of the trees and return to town laden with their spoils.

The wedding was solemnized at the home of the bride's parents, Mr. and Mrs. C. J. West, last evening.

William Litten will have for her home the place which she so greatly admired.

## GUARDS IN GOOD SHAPE.

At Annual Meeting Pomona Body Elects Directors—Old Pastor Still Tender Resignation.

POMONA, April 16.—At the annual meeting of the Pomona City Guards, the affairs of the organization were found to be in excellent condition. New directors were elected as follows: W. H. Midgley, H. L. Duffy, S. A. Elsasser. The company historian, H. C. Thatchar.

Rev. George E. Soper will be at Bakersfield on Sunday and Rev. Ernest P. H. Scott on Long Beach will speak at Pilgrim Congregational Church there.

Mr. and Mrs. Oliver Youngs, formerly of this city, are the guest of their grandmother, Mrs. Walter Kidder. She is deceased, and the question will probably result in a called meeting to "relocate" on the subject.

## VARIETY THE SPICE.

The members of the South Coast Civic League were entertained Tuesday afternoon by Mrs. William Anderson at her home on the strand. The Shakespeare section was presided over by Mrs. H. Wickizer, and the second act of "The Taming of the Shrew" read. Demonstration of the domestic science section was had in the club luncheon which was served. The afternoon discussion on whether or not liquor or war causes the most loss to the nation.

A local nursery has furnished for residents of Central avenue thirty-five beautiful young palm trees of the Cocco Plumeria species.

## WILL SUSTAIN DEMURRER.

Judge Announces Contemplated Action in Case of Redondo Sewer Connection.

REDONDO BEACH, April 16.—The hearing of the case of A. M. Harter vs. the City Trustees and the plumbing inspector, before Judge Moss of the Superior Court, was continued from today until Monday morning. Residents are deeply interested in and answered the amended complaint of the plaintiff, and the case was immediately argued by both sides for either side.

E. F. Perry and Herbert J. Goudge represented the defendants, and W. H. Hyatt, Miner P. Goodrich, David Karp, and Post the plaintiff. Morris denied the hearing until Monday and said he would sustain the demurrer. He stated that he would permit the plaintiff to insert in the complaint certain facts which would change the damages between the city and the property line of residents and that in some instances the line passes through private property. He granted this privilege to the plaintiff so that in case of an appeal it is not true. The people want the har-

## OCEAN PARK INVENTORS PLAN WIRELESS IMPROVEMENT.

Hope to Bar Wandering Messages from Conversations Between Stations—Bath-house Company Will Build Six-Hundred-Foot Pier to Replace Present One.

OCEAN PARK. April 18.—Messrs. Swift and Zimmerlin, local electrical inventors and wireless telegraph experts, believe they are about to perfect a system whereby it will be impossible for any derelict or wandering message to "break in" on a conversation that is in progress between two stations.

They have erected experimental masts near the beach at Hill street, and will spend Sunday in placing a tower and the most delicate of instruments at the highest point along the Pacific coast. When this new station shall have been completed and ready for operation they expect to snatch vague messages and reduce the coherence.

These experimenters have heard the call "XLA" for several weeks at their beach station. It came with regularity, was strong and distinct; but the call was all there was able to detect. It developed that the letters refer to an English battleship, and that the message must have been started from the Samoan Islands for the ship was at sea at the time the call was accepted.

The Santa Monica Yacht Club has accepted an invitation to come to the beach diamond for a Sunday afternoon game with the Santa Monica nine. The first of the Yacht Club's picnics was held in Santa Monica and Rustic caffons today. The visitors numbered about 300 of the student body of the California Business College of Los Angeles.

Long Beach today closed for the spring vacation. Lessons and tasks will not be resumed at any of the buildings until one week from next Monday.

The Elementary Union of the Sun-dial School Teachers is a nucleus of the religious workers of the bay district. Meetings are held each Wednesday afternoon, when the lesson for the next Sunday is taught by a chosen leader, the topic of the lesson is discussed.

## PLAN BIG PIER.

A new reinforced concrete pier is to be built at once at the foot of Marine street by the Ocean Park Bath-house Company. Estimates have been received on the work and the contract will probably be signed tomorrow morning with the Atlantic, Gulf and Pacific Construction Company. In round numbers, the improvement will cost \$10,000, an assessment of the bath-house property which recently having been levied for this purpose.

The pier will have a length of approximately 600 feet, and is to be built primarily for the purpose of carrying the intake pipe that supply the bath-house with water. It will be fully floored and equipped for pleasure fishing and amusement purposes.

The piles are to be of reinforced concrete, cylindrical in form and provided with a bulb end. They are to be jetted into the sandstone bedrock of the iron pipe running through the center of the piles.

After the piles are in place the iron pipe will be filled with concrete, and the artificial stone stich will be solid. The pier will be about thirty feet in width, and will be so built that its length may be extended whenever there is a demand on the part of the pleasure seekers and the property.

The energy and influence of Los Angeles will have appropriations in the first place, not that of the municipality of San Pedro, and the credit of the greater municipality must be secured now to further develop the pier. Work is to be commenced on the pier at once.

The new building to be erected on Marine street by George J. Scott, president of the firm, will consist of two, as were originally planned and will cost \$65,000. The ground floor will consist of quarters for stores, and the structure will be 50x60 feet. The upper floors will be used for apartments. Another building for the beach is to be built on the 50x60 foot site.

The new building will be a fine addition to the beach, and will be a great convenience to the bathers.

The new pier will be a great addition to the beach, and will be a great convenience to the bathers.

The new pier will be a great addition to the beach, and will be a great convenience to the bathers.

The new pier will be a great addition to the beach, and will be a great convenience to the bathers.

The new pier will be a great addition to the beach, and will be a great convenience to the bathers.

The new pier will be a great addition to the beach, and will be a great convenience to the bathers.

## HISTORY NOW. NEW OFFICERS FOR THE G. A. R.

**Forty-second Encampment Is Thing of the Past.**

**W. S. Daubenspeck Is Elected Department Head.**

**New Plan Adopted for Holding Future Conventions.**

W. S. Daubenspeck of this city was elected Department Commander of the G.A.R. at the final session of that forty-second encampment of that organization at Pasadena yesterday. The convention also decided that in future the annual encampments will be held alternately between the northern and southern parts of the State. This throws out the bid for the convention in 1910 made by Long Beach. This decision was reached only after a tumultuous session, in which mem-

At top—W. S. Daubenspeck, elected department commander. Below—H. Z. Osborne, Assistant Adjutant-General.

bers of the northern delegations sought to wrest the headquarters from Southern California for all time, on the grounds that a yearly change of position detracted from the national importance of the headquarters.

Southern posts strongly opposed all such actions. Of the forty-two encampments which have been held since the department was first organized, thirty-six of them have been held in the North and only six held south of the Tehachapi.

A recommendation was then presented by the Committee on Resolutions proposing that the annual encampment should always be held in the North and the former in even years, the latter in odd. This was carried by an overwhelming majority.

Sacramento then withdrew, and Oakland was accorded the honor for next year.

Some time was spent in the discussion of a resolution, proposing to take action with the government to re-instate the First California Mountain men, a company which, through some singularities, had been denied recognition in the government pension offices.

### ELECT DAUBENSPECK.

Long before the 222 ballots cast for Department Commander were counted, it was an assured fact that W. S. Daubenspeck of Los Angeles was elected. As the delegates voted they left the hall, and Daubenspeck was openly congratulated by the other members.

He polled 248 votes; Homer A. Flimpton of Riverside got 121. The remaining thirty-two went to E. L. Hawk of Sacramento.

Commander Daubenspeck is a Past Vice-Commander of Stanton Post No. 100, and has been a member of that delegation for twenty-two years. He volunteered for service when he was 18 years old, enlisting as a private in the One Hundred and Ninety-seventh Pennsylvania. After four months' service in this regiment, he was sent one year in the Ninety-seventh Pennsylvania, attached to the Army of the Potomac. Commander Daubenspeck is a contractor and builder, and is president of the Builders' Exchange of Los Angeles.

### NAMES H. Z. OSBORNE.

At the installation services, which took place in the assembly room of the west building of Hotel Green, the newly-installed department commander announced that H. Z. Osborne is his choice for assistant adjutant-general, and assistant quartermaster-general. The choice proved popular.

He is a well-known citizen of Los Angeles, having lived there twenty-five years, fifteen of which he spent in the publication of an evening paper. He is Senior Vice-Commander of the Stanton Post No. 100. He is at present in the One Hundred and Ninety-second New York, and serving in the Shenandoah Valley.

### NATIONAL COMMANDER COMING.

National Commander Henry M. Nevin will arrive in Los Angeles on April 26 for a two days' visit. He will come via the Salt Lake Railroad and will be a guest of the G.A.R.

"Almost a full duty," said Department Commander Daubenspeck for last night, "will be to arrange for the entertainment of our national commander. He will be given a formal reception in Los Angeles. With this in my hands and all of the data and materials to be prepared in connection with Memorial Day, I believe that I will soon understand that I have undertaken a project that has something besides honor attached to it."

### FLAG RAISING.

The spectacular feature of the day was the flag raising at the Veterans High School, which took place in the afternoon at 2 o'clock. The emblem was presented by the Woman's Relief Corps and was accepted for the school by Principal Leroy de Ely, who expressed sincere gratitude, and the hope

## GIVE THE BABIES A CHANCE

**The Piano and the Home**

Many homes have music-loving people in them—in some cases children who show considerable talent for music—and no piano or musical instrument. It has been said every boy will make a carpenter, and it is equally true that every child will make a musician, or, at least, can learn music enough to be worth untold value to themselves and those about them through life. But how many bright children there are in this city who have never had a chance or any encouragement owing to the absence of a piano in the home! This is something for parents to think about. It has been said that nine out of every ten women in after life make no use of their school education, but if they have a little knowledge of music it broadens with life and, figuratively speaking, becomes a key to every door.

### MORAL.

For three days more you can buy from the Fitzgerald Music Co., 523 South Broadway, a beautiful little piano for \$114, two others at \$134 each. You can buy a beautiful baby grand in handsome figured mahogany case from one of the oldest and best known makers in America for \$574; a fine Player Piano, mahogany case, universal tracker board, a celebrated make, for \$415, worth \$650—several to select from, with unlimited free library. No music to purchase if you buy a player piano from us. You can buy pianos for the next three days for considerably less than \$300 that have taken gold medals and diplomas of honor in this country and Europe. You can make a \$50 down payment with a coupon which you will find in another part of this paper and make your next payment one month later. If you wish to pay us any cash we receipt you \$2 for \$1 up to \$25. Over 225 pianos at prices ranging from \$114 to \$74 to select from. Monthly payments \$4 and up to suit the purchaser. We have fully explained in the daily papers during the last few days that we are willing to give away \$15,000.00 in first payments and 2 for 1 discounts in order to firmly fix our new number, 523 South Broadway, in the mind of the buying public.

### OPEN EVENINGS.

that it would make for more effective patriotism among the students.

The flag was unfurled, with roll of drum and three rousing cheers.

Samuel Merrill, former department commander, in his address directed a portion of his remarks to the school children, saying: "Young men and young women, you are now on the threshold of a low or an exalted career. Take your choice. The honor post which carries with it the most worthiness is in the ranks of the lost cause who fought it. The young man who has one code of morals for the women and another code for the men, one code of action at home and another code abroad, is not needed by this country."

May Irene Foster delivered the address for the Honors of the gift, saying:

"This dear old flag seems to speak to us today as never before. We are reminded of the American heroes we are passing in last review, and that others must come forward to fill up the ranks. My young friends, we look to you to make the most of your time, talents and opportunities.

Look upon the stars of life, and take the places of our loyal men and women of today. We need the very best, so raise your standard high and strive to reach it."

"Old Glory is the oldest and most beautiful emblem of liberty and freedom that floats. What do we read within its folds of the past? May God protect the future."

"Accept our offering, and, while it finds in all its purity and grace, may it be used with loyalty and pride, and may it guide us all onward and upward."

### OTHER OFFICERS NAMED.

Other officers elected to G.A.R. department positions were: George W. Herr, Sacramento; Senior Vice-Department Commander: Benjamin Jarvis, Pasadena; Junior Vice-Department Commander: C. P. Wilson, Pomona; Chaplain, and M. Austin of Los Angeles, Department Medical Director.

Elected to the Executive Council are: H. H. Bartlett, Alhambra; G. S. Case, Pasadena; Fred W. Starn, Los Angeles; C. D. Thurston, San Francisco, and John H. Roberts, San Francisco.

### RELIEF CORPS OFFICERS.
